

The 4th Annual Critical Commodities Conference

April 10-12, 2012
Hilton Riverside, New Orleans

The **Critical Commodities Conference** will provide up-to-date analyses of the commodities moving up and down the Mississippi River in the four main categories Energy, Iron and Steel, Chemicals and Agribusiness. There'll be exciting break-out sessions on hot-button topics such as shale gas exploration, vessel piracy at sea and the current export coal boom on the Mississippi.

Attendees include shippers, exporters / importers, logistics companies, port authorities and producers.

Helge Hove Haldorsen, VP of Strategy for Statoil Houston will be one of our Keynoters.

For more information on attending, exhibiting and sponsoring see:
